# Message from Chairman

From the very beginning of the company, Liberton Engineering Solution has procured an astounding reputation by establishing business morals and ethics. We have built an open culture by conducting business in a transparent, honest and ethical manner. The utmost priority of our company is to provide maximum customer satisfaction by providing their desired good and services. The dedicated workforce maintains the ethical grounds in all of its business transactions.

Customer satisfaction plays a vital role in our business strategies. The company gives its best in terms of satisfying customer needs and it is applied to each and every stakeholder of the company. The core values and all the laws are strictly followed throughout the company and also with our respected clients. It is a portrayal of our obligation to our clients and providers to direct our business and a moral and legitimate way.

# Message from Managing Director

The reputation and development of an organization can easily be judged by the client's loyalty and nature of its staff. Liberton Engineering Solution is well-known for providing the maximum customer satisfaction through its industry leading products and aftermarket services. Our core values incorporate collaboration, obligation and regard for all.

Liberton Engineering Solution's prosperity is additionally predicated by our capacity to deliver products and services without compromising on quality and consumer satisfaction. The company always follows these principles in each and every aspect of its organizational function. We set ourselves apart from every other company by simply applying ethical and motivating work culture throughout the organization.

In the forthcoming years we intend to explore and extend our possibilities and potentials as much as possible. We, at Liberton represent phenomenal strategy and commitment to develop a superior future.

# Message from Director

**M**uch obliged to you for setting aside some margin to peruse our profile and find out about Liberton Engineering solutions. The strength of the structure is in its establishment. Throughout the previous years, Liberton Engineering Solution has been investing its time and resources in building its strength on structural foundation.

Liberton Engineering Solution has made some amazing progress making various noteworthy commitments in Bangladesh. We put ourselves aside from each and every other organization, just by our unique way of thinking and our work culture. We are our own opposition and through each venture, we set new norms.

Strategic planning, attention to detail, stringent and careful rules on safety, employee satisfaction and the aspiration to grow is what has made Liberton Engineering Solution grow steadily over the years.

In upcoming years, we intend to investigate and extend our true capacity. We, at Liberton Engineering Solution represent phenomenal development and remarkable obligation to make a superior tomorrow.

# Message from Executive Director

**L**iberton Engineering Solution play a pivotal role modernizing the industrial sector of our country, I believe it is of utmost importance that we conduct our practices in adherence to the most ethical standards and with paramount honesty. Moreover, it is equally important that we bear in mind the value of each customer and implementing a nation-wide commitment to advancing this objective by providing industry leading product and services.

Here at Liberton Engineering Solution, we stand proud for it being one of the fastest growing companies in Bangladesh by serving numerous industry service sectors. With Liberton Engineering Solution, I envision our products and services to have touched every industrial sector by 2025, in one way or another, in small scale or large.

I hope Liberton Engineering Solution ever-continues in its pursuit of innovation and deliverance of premium quality products and services and build a reputed name in the industrial sector of Bangladesh

# Air Compressor

An air compressor is a pneumatic device that converts power (using an electric motor, diesel or gasoline engine, etc.) into potential energy stored in pressurized air (i.e., compressed air). By one of several methods, an air compressor forces more and more air into a storage tank, increasing the pressure.

The three most common types of air compressors you will see are:

- Rotary Screw Compressor
- Reciprocating Air Compressor
- Centrifugal Compressor

## 1. Rotary Screw Compressors

A common type of displacement compressor, rotary screw compressors are some of the easiest types of air compressors to take care of, as they are equipped with an internal cooling system and don't require much maintenance. They are typically large, industrial-sized machines that can be either lubricated with oil or run oil-free.

## 2. Reciprocating Compressors

Another popular type of displacement compressor is the reciprocating compressor. These are typically found at smaller work sites such as garages and home construction projects. Unlike the rotary screw compressor, the reciprocating compressor is not designed for continuous use.

## 3. Centrifugal Compressors

Centrifugal air compressors slow and cool the incoming air through a diffuser in order to build up potential energy. Because of the multi-phase compression process, centrifugal compressors are able to produce a high amount of energy in a relatively small machine.

### Authorized dealer and Soul Distributer: KOTECH

KOTECH, as a pioneer British air compressor brand, global leader in air compressors and its spare parts manufacturer with total integrated digital technology and is proud to provide a wide range of compressors from 5.5KW-630KW,0.69m<sup>3</sup>-120m<sup>3</sup>,2bar-200bar, mining equipment and spare parts. Kotech group was founded in 2014, its R&D department located in Gillingham, UK.

**Region of Source :** China

**Motor:** Siemens

**Electrical and Controller:** Siemens

### Air Compressor brands that we specialize in servicing:

- |                     |                                 |
|---------------------|---------------------------------|
| i. Atlas Copco      | vii. CompAir                    |
| ii. KAESER          | viii. Jaguar                    |
| iii. Ingersoll Rand | ix. Cp                          |
| iv. ELGI            | x. Chicago Pneumatic and others |
| v. GD               |                                 |
| vi. Suill Air       |                                 |

# Dispenser

## Authorized dealer and Soul Distributer: EAGLESTAR

Liberton Engineering Solution has been successful to establish a strong sales network throughout Bangladesh in the fuel and dispenser sector. Liberton Engineering Solution sell products of Eaglestar which imports key electronic components from USA and Japan maintain the quality of the product. Eaglestar factory has also passed ISO9001 system. Eaglestar has also passed OIML testing and got approvals as well and also is in the process for ATEX.

### Name of Popular Eagler Dispensers sold by us

#### (i) EG3 Classical single or Dual pump and Dispenser

Basic models and standard features:

- 1 hose 1 product, 2 hoses 1 product and 2 hoses 2 products
- Standard duty:50 liter per min.
- Vane pump and 4- piston flow meter
- Emergency button stop
- Non resettable electromagnetic totalizer

#### (ii) EGX1 Fleet Dispenser for industrial customers

Basic models and standard feature:

- 1 hose 1 product only
- Standard duty: 50 liter per min.
- Vane pump and 4-piston flow meter
- Hose holder

#### (iii) EG7 Media self service

Basic models and standard features:

- Standard duty:50 liter per min
- Gear pump and 4-piston flow meter
- Emergency button stop
- 15" colorful LED
- Built in printer for bill receipt
- Non resettable electromagnetic totalizer
- RS485 and current loop for POS communication

### We also specialize in spare parts related to Fuel Dispensers

- |                   |                                   |
|-------------------|-----------------------------------|
| i. Nozzel         | vii. Keypad                       |
| ii. Hose          | viii. LCD Display                 |
| iii. Gear Pump    | ix. ELECTROMAGNET Totalizer       |
| iv. Flow Meter    | x. Explosion proof solenoid valve |
| v. Swivel         | xi. Explosion Proof Pulser        |
| vi. Hanger nozzle | xii. Explosion proof motor        |

## Our Dispenser Clients

1. Mintu Mia Filling Station.
2. Tripti Filling Station.
